.....

Dear Sir,

Under instructions from my client Shri ABC, etc. of I have to state that the said ABC has come to know that you are about to construct latrines in your rooms opening on road, in the second and third floor of your house and about to fix a pipe for the purpose of carrying out filth thereof over a wall adjacent to my client's wall on road. The rooms adjoining the wall on road are sleeping rooms of my client and the construction of the latrines and fixing the pipe is highly objectionable and would materially affect the ordinary physical comfort of human existence in my client's property.

I hereby give you notice that unless you desist from doing the illegal and unjustifiable acts of construction of latrines and fixing of pipe, my client will file a suit or obtaining injunction against you for restraining you to construct latrines, fixing the pipe and other similar acts which you may be contemplating to do at your risk as to costs and consequences.

Yours faithfully,

.....
